## STRETCH OUT DISCUSSION

**Late Period Fenton Stretch Glass made for QVC**  
will be the topic of our ***Stretch Out*** call on Thu, 4/12/18,  
at 8 pm Eastern, 7 Central, 6 Mountain and 5 Pacific Time.

All are welcome to join in by calling  
**415-464-6800**, followed by **ID: 04211974#**.

This is our fourth discussion on the topic of Late Period Stretch Glass. The first three calls, in May and October 2017, and February, 2018, featured Fenton's new in-line colors found on their catalog pages.

On this call, we'll focus on six of the **stretch colors** that were made exclusively for QVC, and can be found on the [fentonfan.com](http://fentonfan.com) QVC Database:

**Emerald Green Stretch, French Opalescent Stretch, Ocean Blue Stretch, Indigo Blue Stretch, Violet Stretch, and Dusty Rose Stretch.**

Other stretch items also found on the QVC Database are pictured on the last 3 pages.
